SELF-SERVICE SMART BOXES FOR THE MODERN MUNICIPALITY

CITY SERVICES AT YOUR FINGERTIPS

OX BOX Municipality is a self-service parcel point of the OX Point network, which is an important part of the amenities of a modern municipality, with an optional official notice board function on the LCD panel and municipal storage. Ensures **fast and secure receipt and dispatch of parcels** non-stop, without queues and waiting.

CONFIGURATION

- **Thermal printer** for printing self-adhesive labels for packages and parcels.
- **QR and EAN code reader.**
- **Security camera system** with night vision and data storage.
- **Side columns** with camera holders.
- **Installation set** (anchors, feet, or mounting base).
- **Surface treatment** with resistance to corrosion and graffiti.
- **Possibility of expansion** with other modules and services.
- Control via **touch screen.**
- **Payment terminal** (optional expansion).

TESTIMONIALS FROM MAYORS

INGRID PODROUŽKOVÁ

Mayor of Lipník

„I honestly think it was the best step we could have taken because it solved a lot of problems for us... we used to have to commute everywhere for the post“.

JIŘINA VRÁBELOVÁ

Mayor of Velký Luh

„The OX Box is a great benefit for our municipality... we are also happy to use it as an electronic notice board“.

PETR BÁRTA

Mayor of Vepříkov

„For us, it is mainly a beneficial service for citizens... they have all parcels conveniently t hand“.
