

OX ReStart

A smarter box for your municipality
more affordable and faster.

A modern service for citizens that respects your budget.

The OX Restart program brings **reliable lockers** from previous installations back into operation. Selected setups offer **more storage capacity** than the standard offer. A proven solution with a **100% warranty** and full service on **significantly more favorable terms**.

A SOLUTION THAT MAKES SENSE FOR YOUR BUDGET AND ENVIRONMENT

We combine **modern technology with maximum efficiency**. Every locker is **technically inspected, service-ready** and delivered with the same support as a new solution.

OX Point

A CONTEG GROUP COMPANY

AFFORDABLE PRICE

Ideal for a limited budget.
More lockers for a better price.

FULL SERVICE

Same technical support
and updates as new lockers.

SUSTAINABILITY

We reuse existing technology
and protect nature.

COMPLETE SOLUTION FOR THE DEVELOPMENT OF YOUR MUNICIPALITY

A CONTEG GROUP COMPANY

SERVICES FOR CITIZENS

Delivery services

Receiving and sending parcels through an open carrier network:
Czech Post, Balíkovna, DPD, One by Allegro and, in selected locations,
Rohlík.cz.

More accessible services and shopping

The box can be used for deliveries from stores, e-shops and, potentially, groceries.

Communication with the municipal office

Electronic notice board and 24/7 handover of documents or forms.

A BOX THAT GROWS WITH YOU

Community dimension

Optional extensions available:

- safety features (defibrillator and fire extinguisher)
- municipal advertising
- Wi-Fi hotspot

Modular system

Additional storage capacity and features can be added to the locker:

- refrigerated lockers for groceries and, in the future, temperature-controlled lockers for medicine
- bicycle service locker (compressor and bicycle charger)
- library
- weather station
- and more ...

Long-term partner

We develop technology and software based on the real needs of municipalities.

Czech production for Czech municipalities.
